**RE: SECOND NOTICE—CEASE AND DESIST**

Ms. Peacock:

I wrote to you on October 24, 2017 notifying you that Turo is advertising and/or allowing Turo's platform and web application to advertise that individuals may rent their cars to customers on the Will Rogers World Airport (OKC), in Oklahoma City, Oklahoma. I believe that allowing Turo's platform and web application to indicate these services are available at OKC is false and deceptive advertising. This may cause confusion and mislead the public since neither Turo, nor its platform users are authorized to engage in any rental car or commercial operations on the airport. Turo was also advised that it needed to immediately cease and desist in this activity. You previously indicated in an undated response letter to my October 24, 2017 letter that Turo does not own or rent cars at OKC and that any reference to the airport is only for the purpose of providing a location so that travelers and owners can find each other and the car's location quickly and easily.

I am including with this letter information we have obtained regarding several vehicles that were listed as available on the airport at the time of writing this letter. It is clearly evident that the reference to the airport on your platform or "marketplace" is not merely for location reference purposes. When a user selects where they want to rent a car, even if they only type "Oklahoma City" into this field, "OKC-Will Rogers World Airport" shows up on a drop-down menu. Your web page also indicates that the rental is "Hosted By" the airport. Moreover, Turo is allowing its users to advertise on Turo's platform that cars can be picked-up and delivered to customers at the airport. Delivery fees associated with pickup/delivery to the airport can be as much as \$50 to \$75 in some cases. It is also clear from the comments on your web page that the rental car transactions are occurring on the airport.

Oklahoma City Municipal Code Section 10-20 prevents Turo or its platform users from using any airport owned by the City of Oklahoma City for the conduct of any commercial purpose or for anyone to solicit a business or trade unless they have first obtained proper authorization from the Director of Airports. Without such an agreement for use of the Airport, there is no basis for Turo to have any reference to OKC, Will Rogers World Airport or WRWA on its website in the manner described here since neither the rental car transaction nor the pickup/drop off of the vehicle can occur on the airport's premises.

Ms. Michelle Peacock  
Page 2  
May 1, 2019

Please immediately cease and desist on your website, platform, web application, or any other location associated with Turo's services, any references to the airport. Turo is commercially benefiting from advertising for its user that cars can be rented at the airport as well as suggesting that the airport is "hosting" Turo's services. Turo directly controls the content of its website, platform and web applications and can remove these references to "OKC", "OKC-Will Rogers World Airport", "WRWA" or "Will Rogers World Airport." If Turo does not discontinue these practices, further legal action may be prosecuted.

Sincerely,

Mark Kranenburg  
Director of Airports

Scott was great! Easy to communicate, responded pretty quickly. He was also very flexible with our pickup/drop off times. Will definitely consider using this Van again!

Austin V. - Apr 7, 2019

Excellent vehicle and Scott is very accommodating. AAAA+++

Kent L. - Mar 18, 2019

Scott was fantastic as well as the vehicle. It was a great first experience. This was a no hassle super convenient experience. As a busy business traveler who has limited time, convenience is a really critical thing in my daily life. I will be using Scott's vehicle on all of my trips going forward. Thanks Scott.

Lisa K. - Mar 8, 2019

Scott was very easy to communicate with and the van was exactly what I needed. Way better than I expected!

Mallory K. - Feb 27, 2019

Great Vehicle, was exactly what I needed. Quick and easy pick up. Overall great experience!

Aaron M. - Feb 25, 2019

Scott was awesome to work with. It had snowed about 4 inches the day before pick up and took me little longer to get there that morning and he was very flexible and understanding! Would highly recommend renting from him, and I will again!

Jeremy H. - Jan 7, 2019

Thanks Scott - we really enjoyed the minivan. Thanks for your patience on our first Turo experience. Hope to see you again!

This is the second time I have rented from T, and this time, just like the other, all went smoothly, and the car was easily up to the task. The car gave good mileage, it was comfy and flaws for a car this age were minimal. The staff at the pickup/return lot have always been very courteous to me, offering me water and to sit inside the building while I waited for my ride. I wouldn't hesitate to recommend T's cars and service to anyone!

Octa G. - Apr 8, 2019

My rental was for the Mitsubishi lancer, TJ advised me that the Lancer needed some work and offered a back up option which was fine. I drove the red Hyundai accent. The car was great no problems at all. I was able to use Bluetooth for navigation and the car had excellent gas mileage. The only thing I don't recommend is using the Hyundai accent for long distance travelling. It does not have cruise control

Ryan S. - Mar 27, 2019

Guy was super friendly, and layed back! Great communication!

Sophie A. - Mar 19, 2019

Jonathan T. - Jan 1, 2019

Jerome was a pleasure to work with. I had a very unique travel situation, and when I presented it to Jerome, he simply said, "No problem. Do what you need to do." Simply AMAZING!!!! Thank you Jerome!
